

## Thousands of adverts served

AdvertSolutions, the world's 1st automatic banner advertisement generator for open source shopping carts such as Zen Cart and osCommerce is growing at a rapid pace.

With more than 1300 advert views every day, customers from all around the world are steadily increasing their use of the automatic, always up-to-date adverts generated by AdvertSolutions.com

With customers ranging from as far south as Australia, and all the way up to Canada, the whole world of online retail is now seeing the benefits of this powerful marketing tool for ZenCart and osCommerce ecommerce solutions.

Director, Tim Ridgway, says that he is pleased with the growth of the service, and is also excited to announce that very shortly, flash banners will be offered to users of Zen Cart and osCommerce too!
